PROFESSIONAL SUMMARY

Aspiring full-stack developer with hands-on experience in web development through internship. Skilled in JavaScript, Python, Django, MySQL, and Bootstrap. Passionate about creating innovative web solutions and eager to contribute to impact projects in a dynamic work environment.

TECHNICAL SKILLS:

- Programming Languages: Python, JavaScript, SQL
- Web Technologies: HTML, CSS, Bootstrap
- Frameworks: Django
- Databases: MySQL
- Version Control: Git, GitHub
- Web Development: Responsive Design, API Integration
- Other Skills: MS Office, Advanced Excel

PROJECTS:

Social Media Network - Developed a full-featured social media platform, including user authentication, profile management, and real-time notifications. Designed and implemented RESTful APIs and front-end components.

Card Game - Created an interactive card game with JavaScript for logic and CSS for styling. Implemented features such as card shuffling and player interactions with a responsive UI.

Employee Database - Built a comprehensive employee database system for managing records and attendance. Designed the schema, wrote SQL queries, and ensured data integrity.

INTERNSHIP EXPERIENCE

FULL-STACK DEVELOPER INTERN(ITVEDANT) :

- Developed and maintained web applications using Django, Bootstrap, and MySQL.
- Created responsive and user-friendly interfaces with HTML, CSS, and JavaScript.
- Collaborated with senior developers to deliver quality code and enhance development skills.

- Collaborated with senior developers to understand project requirements and deliver high-quality code.
- Gained hands-on experience in version control using Git and deploying applications in a local environment.

TRAININGS

- Undergone Training in IBM Software foundation –Basics.
- Undergone Training in IBM CE-Basics of IBM Rational Rhapsody for Embedded System.

SOFT SKILLS

- Problem-Solving Mindset – Debugging issues, optimizing code, and finding the best solutions.
- Attention to Detail – Ensuring code quality, UI responsiveness, and error-free development.
- Adaptability – Learning new frameworks, tools, and adapting to project needs.
- Team Player – Collaborating with designers, backend teams, and clients.
- Curiosity & Continuous Learning – Staying updated with the latest web technologies.
- Time Management – Handling multiple tasks like frontend, backend, and database management.

EDUCATION

BE Electronics & Communication Engineering

Vivekanandha College Of Engineering For Women, Anna University

TamilNadu | August 2012 - May 2016

MBA Educational Managment

Madras University

TamilNadu | January 2016 - December 2018

CERTIFICATION

- Masters In Data Software Engineering
- Foundation with SQL | I.T. VEDANT
- Web Designing Essential | I.T. VEDANT
- Python Essential | I.T. VEDANT
- Python for Web Development | IBM
